

# B.Com.(Accounting and Finance)

**UG - 3years**

## Unique Features of the Programme

B.Com (Accounting and Finance) is a leading and innovative course that delivers a strong accounting and finance knowledge base in collaboration with The Association of Chartered Certified Accountants (ACCA). It offers globally recognised qualifications and provides a comprehensive and flexible curriculum, focusing on the international recognition that equips individuals with the skills and knowledge necessary for their successful careers with good placement opportunities.

## Highlights of the Curriculum

The course helps develop the subject-specific technical numerical and quantitative skills. It includes a wide range of subjects such as Financial Management Cost and Corporate Accounting, Auditing, Taxation, Business Economics, and Business Law. The students will graduate with the opportunity to receive significant exemptions from the main accountancy professional bodies that give a start for a career as a recognised professional body.
