

Programme Name

B.Com. (Professional Accounting)

INCEPTION YEAR - 2009 **Duration- 3 Years**

Unique Features of the Programme

B.Com Professional Accounting program stands out for its unwavering commitment to shaping the careers of aspiring Chartered Accountants. Its unique feature lies in its dedicated attention to meeting the distinctive needs of individuals striving for the prestigious Chartered Accountants designation. Students have the advantage of simultaneously progressing through CA professional courses while enrolled in the program.

Highlights about the Curriculum

A Chartered Accountant-centric curriculum encompasses essential subjects like Accounting, Corporate and other Laws, Strategic Management, Taxation, and Audit and Assurance. The meticulously designed curriculum not only readies students for the rigors of CA exams but also paves a structured path for success in this demanding yet fulfilling field.

Faculty Expertise

The faculty members, including visiting faculty, bring considerable industry and academic experience, skilfully guiding students in acquiring essential knowledge for career advancement in the professional arena.

Infrastructure

Our infrastructure is tailored to enhance the learning experience, featuring well equipped classrooms with audio-visual aids for effective teaching. Our specialized computer labs provide students with cutting-edge technology, boasting high-speed processors, ample memory, and a suite of hands-on experience with tools relevant to their future careers.

Key Benefits

Department timings are between 7:00 am to 12:00 pm, followed by Chartered Accountancy coaching classes for students. Semester exams are strategically scheduled to align with CA examination schedules, ensuring seamless preparation. Following the completion of CA Inter in the second year, students commence CA Articleship training in top audit firms, gaining valuable early exposure to accounting practices and networking opportunities for a successful career.

Student Life: Extracurricular activities and Clubs

Dynamic clubs and extracurricular activities shape the academic journey, fostering holistic student development. Beyond campus, CA course students seamlessly integrate into CA Institute programs, participating in workshops and conferences for real-world insights. This dual engagement enhances their educational experience, preparing them for both academic challenges and the dynamic professional landscape.

International Study Abroad Opportunities

Students have the chance to participate in short -term global immersion programs, creating opportunities for international exposure and fostering cross-cultural experiences.

Global certification

The Tally global certification program is crafted to align with international standards, aiming to boost career prospects in the global business landscape.

Industry offered Internship

We have established Memorandums of Understanding (MOUs) with reputable audit firms. Interning our students at a CA firm provides hands-on training and comprehensive insight into professional accounting practices, offering opportunities to apply theoretical knowledge and fostering invaluable skill development.

Job Oriented Course

A CA Foundation Job Oriented course offers focused training in accounting and finance, geared towards employment readiness. It covers key areas like financial accounting, business law, and auditing, preparing students for entry-level roles in accounting firms and corporations.
