

Advances in Applied Research

Vol. 2

No. 1

January - June 2010

Contents

Research Articles

- A Study of Magnetic and Electronic Correlations in Hydrogen-Induced Room Temperature Ferromagnetism in Co-doped ZnO
Arvind Samariya and R. K. Singhal 1
- Microhardness Studies of Doped Cadmium Sulphide Thin films
R. Thiyagarajan, M. Anusuya and M. Mahaboob Beevi 14
- Equilibrium studies for Cs(I) adsorption on Hydrous Ferric Oxide
Som Shankar Dubey and Batulla Sreenivasa Rao 20
- Sorption Characteristics of Coconut Shell Carbon for Removal of Hg(II) ions from Aqueous Solutions
N. Muthulakshmi Andal and V. Sakthi 29
- Recycling of Coir Pith as a Soilless Medium Assisting Solar Energy Technology
D. Maragatham Jeyaseeli, K. Vinoth Kumar and Samuel Paul Raj 39
- Impact of Coffee Processing Wastewater on Water Quality of Kodavanar River in Dindigul District, Tamil Nadu
N.B. Nandakumar, M. Selvamurugan, M. Maheswari and P. Doraisamy 44
- Toxic Effects of Neem Oil, Neem Leaf Extract and the Entomopathogenic Fungus *Beauveria bassiana* on the Filarial Vector *Culex quinquefasciatus* (Insecta : Diptera : Culicidae)
T. Sangeetha and K. Murugan 51
- Role of Azophos Inoculation in the Root Morphogenesis of Drought Tolerant Rice Varieties
M. Jeya Bharathi, K. Kumar and J. Prabakaran 59

Control on Toxicant Influx to Conserve a Population	<i>I. Laxmi Gayatri</i>	63
Short Communication		
Studies on Physico-Chemical Characteristics of Coffee Processing Wastewater in Thandikudi, Dindigul District, Tamilnadu	<i>M. Selvamurugan, M. Maheswari, P. Doraisamy and N.B. Nandakumar</i>	70
Instruction to Authors		i-ii
