Research Articles

- VEP channel compression technique using loss-less method
N. Sivanandan 1
- Radon and thoron levels in fertilizer stockyards of urban Hyderabad, India
*B. Sreenivasa Reddy, K. Vinay Kumar Reddy, P. Yadagiri Reddy,
Ch. Gopal Reddy and K. Rama Reddy* 5
- Study on rusting behavior of rail track steel by salt fog methods
Sanjay Srivastava and Vastala Chaturvedi 9
- Corrosion inhibition of benzothiazole derivatives on mild steel in acidic medium
K. Parameswari, S. Chitra, A. Selvaraj, S. Brindha and M. Menaga 17
- Utilization of agro waste material as an adsorbent for the removal of Ni (II)
from aqueous solution
N. Muthulakshmi Andal and R. Jagadeeswari 23
- Isolation and biochemical characterization of acido-thermophilic
phytase producer yeast strain for potential application in poultry feed
*Arpana Mittal, Gulab Singh, Varsha Goyal, Anita Yadav
and Neeraj Kumar Aggarwal* 26
- A comparative study on pigment production by three fungi isolated
from Coimbatore area
G. Revathi and Sreekala. K. Nair 35
- Comparative study of glucanase and biological compounds from the
endosperm and leaves of Tamarind seeds during germination
Shlini Purushothaman and K.R. Siddalinga Murthy 39
- Plant regeneration, genetic transformation and foreign gene expression in
cotyledon and hypocotyls tissues of cucumber (*Cucumis sativus* L. CV K- 75)
Amita, Garima, Gaurav Aggarwal and D.K. Srivastava 46

Effect of medicinal botanical extracts on survivability of silkworm <i>Bombyx mori</i> (PM × CSR ₂) <i>K. Shubha, R.N. Bhaskar, Ramakrishna Naika, S. Sarithakumari, K.R. Shashidhar, K.P. Chinnaswamy and A.N.S. Gowda</i>	53
Mathematical modelling of special type double sampling plan with non-constant defective probability <i>A.R. Sudamani Ramaswamy</i>	56
Design and performance measures of CSP-M continuous sampling plan <i>A.R. Sudamani Ramaswamy and K. Anithalakshmi</i>	63
<i>Short Communications</i>	
Delapidated flora of <i>Mukhed tehsil</i> from Nanded district <i>S.P. Rothe and S.R. Kankute</i>	69
Studies on run off water in the water shed area of Perianaickenpalayam range of Coimbatore district-A case study <i>P. Thyagarajan</i>	71
Studies on optimizing boron requirement of cauliflower and tomato in sandy loam red soil <i>P. Stalin, D. Muthumanickam, T. Chitdeshwari, V.P. Duraisami, V.Velu and S. Poongothai</i>	74
Differential sex expressions in rice for yield estimation <i>Debabrata Das</i>	78
Exploration of partial stem parasite on different host in Loranthaceae from east melghat forest of Vidarbha <i>D. Muratkar, U.R. Kokate and S.P. Rothe</i>	80
