Research Articles

- Infrared spectroscopic studies on SbI_3 - Ag_2XO_4 fast ionic conductors (X = Cr, W, Mo)
S. Austin Suthanthiraraj and S. Sarojini 85
- Fuzzy logic based classification model for aquaculture development
Mahalakshmi Ponnuchamy and Ganesan Kaliyaperumal 90
- Differences in Zinc efficiency of hydroponically cultured greengram genotypes
T. Chitdeshwari, T. Mamthanandhini and V.P. Duraisami 96
- Probiotic nature of goat milk yogurt fermented by *Bifidobacterium* sp. from human source
Manika Singh and R. Sridar 101
- A study on integrating EM technology with vermicomposting for effective composting of coir pith
S.N. Padmadevi, R.S. Meerabai and K. Sunitha kumari 106
- Utilization of distillery spentwash, biocompost and spentwash ash on quality and yield of Guinea grass
P. Latha, P. Thangavel, K. Velayudham and A. Arulmozhiselvan 111
- Estimation of saturated time period of perceptual disordered person using formant frequency analysis
K.V.R. Suryaprakash, Kavita Thakur and A.S. Zadgaonkar 116
- Construction and comparison of mixed sampling plans having special purpose double sampling DSP-(0, 1) as attribute plan
A.R. Sudamani Ramaswamy and G. Mohanapriya 122

Common fixed point results for weakly commuting maps and mappings under strict inequality condition <i>Amalendu Choudhury and T. Som</i>	126
---	-----

Short Communications

Effect of different solid and liquid media on growth and sporulation of <i>T. viride</i> <i>Ranavay Kumar, Sanjeev Kumar and J.P. Upadhyay</i>	131
---	-----

Application of different levels of prosopis wood biochar on soil microbial population : a laboratory incubation experiment <i>S. Shenbagavalli and S. Mahimairaja</i>	133
--	-----

Effect of <i>Bacillus subtilis</i> in controlling <i>Rhizoctonia solani</i> in Bt cotton <i>R. Gayathri, M. Sivaji and R. Sridar</i>	136
---	-----

Isolation of autotrophic sulphur oxidizing bacteria from marine environment <i>K. Veender and R. Sridar</i>	138
--	-----

Extraction and characterization of fibers from the plants <i>Lablab purpureus</i> L. and <i>Phaseolus coccineus</i> L. belongs to the family Fabaceae <i>D. Brindha and S. Vinodhini</i>	142
---	-----

Seroprevalence of rotavirus infection in Coonoor, Nilgiris District, Tamil Nadu <i>A.J. Nath, K.N. Venkataramana, R. Raja, S. Murugesan, A. Pushparaj, P. Magesh Kumar, P. Shalini, E.R. Jisha, T.S. Suchitra and S.S. Nair</i>	146
--	-----

Remediation of metal contaminated soils using indigenous hyper accumulators <i>R. Krishnasamy and R.S. Meerabai</i>	148
--	-----
