

Report on the Academic and Administrative Audit

Date: 05th & 06th Dec 2022

The audit was done on the basis of the following ten parameters:

I. Curriculum

- ❖ The curriculum of the various programs offered by the college has been well defined with the respective Board of Studies with experts from Industries and International Universities.
- ❖ OBE & LOCF have been adopted and well implemented with software platform support equipped with LMS (Learning Management System)
- ❖ Curriculum Structure is well designed including the components like Ability Enhancement Courses, Skill Based, Value Added, Job Oriented, Foundation and Online Courses.

Suggestions:

- ❖ Skill set components be included for all the courses.
- ❖ In each course one unit be earmarked to focus on the latest developments in the respective fields.

II. Teaching

- ❖ Extensive use of online platforms such as NPTEL, Swayam and Coursera in the teaching learning process.
- ❖ Advanced Pedagogy and teaching methods are observed in various departments
- ❖ Attainment levels are well articulated for each course.
- ❖ Teachers are oriented to use LMS and other platforms for the blended mode of teaching.

Suggestions:

- ❖ Innovative pedagogical methods be adopted in all departments.
- ❖ Teachers be deputed to institutions of good repute at the national and international level to observe the use of innovative methods of teaching and learning.
- ❖ Faculty development programs be undertaken on a continuous basis

III. Learning

- ❖ Various avenues of participatory and experiential learning are available for the students
- ❖ Advanced and Social engagement programs are offered
- ❖ Fast Learner strategies are adopted
- ❖ Good industry connect is found across all the departments

Suggestions:

- ❖ Blended learning hours be focused on clear outcomes.
- ❖ More activity-based learning be introduced in all the departments.

IV. Evaluation

- ❖ Well-structured and defined examination system
- ❖ Results are published within 7 to 15 days
- ❖ Transparency and confidentiality are well maintained
- ❖ Complete automation of the Examination section is appreciable

Suggestions:

- ❖ Formative assessment components be reviewed

V. Research

- ❖ Good research ambience and infrastructure is provided
- ❖ Seed money is also provided to budding researchers
- ❖ College is publishing its in-house journals

Suggestions:

- ❖ Publications in Scopus indexed journals be enhanced
- ❖ “One Teacher-One Project” culture be promoted
- ❖ Teachers be encouraged to undertake more scientific inventions and obtain patent rights
- ❖ Students’ participation in research be encouraged
- ❖ Efforts be made to get recognition for all the faculty members as Ph.D supervisors from Bharathiar University

VI. Consultancy

- ❖ Consultancy services are offered by a few departments

Suggestions:

- ❖ All the departments and individual faculty be encouraged to offer consultancy services
- ❖ Faculty members, research scholars and students be trained in the respective domains to undertake consultancy services
- ❖ GRG BIRAC E-Yuva centre be leveraged to create more start-ups and products

VII. Extension

- ❖ The college is making an impact on the community through extensive outreach activities
- ❖ No difference between the Curricular and Co-curricular activities
- ❖ Joint Ventures with Government, Non-Governmental Organizations and Industry for extension activities
- ❖ Functioning of RWTP and CIED is appreciable

Suggestions:

- ❖ Major sustainability issues like sanitization, waste management, water conservation and energy management be addressed

VIII. Student Support Systems

- ❖ Services are available for student support such as counselling, career guidance, ICT, health, safety and security
- ❖ Free ships and Scholarships are availed

Suggestions:

- ❖ Nodal centres be created for placements
- ❖ Alumni support be strengthened
- ❖ Strategies be devised to attract more students from other states and other countries

IX. Infrastructure

- ❖ State of Art Sports Arena facility available in the college
- ❖ Good data connectivity in all the classrooms over the entire campus

Suggestions:

- ❖ Sports Arena be utilized for hosting more Inter-University tournaments.
- ❖ Recreation centres can be developed for the students

X. Governance

- ❖ Involvement of all the faculty members in different committees
- ❖ Exclusive HR department to take care of recruitment, selection and training of staff members
- ❖ Vertical growth of faculty members from academic level to leadership positions
- ❖ Proactive IQAC in evolving the policies, implementing the strategies and carrying out the functions of quality enhancement
- ❖ E-governance adopted in the college administration

Suggestions:

- ❖ Retention strategies be adopted to minimize the staff attrition rate
- ❖ A data centre be established

Conclusion:

The college has developed a culture over the years which has been well appreciated by all stake holders. The college being a performing institution enjoys the collective efforts of the faculty members, administrative staff, research scholars, students and the unstinted support from the management to achieve success. The teachers play a lead role in providing quality education. The college provides a conducive ambience for effective teaching, learning and research. Moving forward, the college needs to intensify its efforts towards securing more research publication, funding and consultancy.
